— GENERAL INFORMATION

1

OUR VISION

A fundamental part of our work is to promote cultural diversity, to create awareness about environmental issues and to fight every form of exclusion and discrimination.

F.R.I.E.N.D.S. 2.0 is the result and a continuation of what our association has been doing in both local and international programs over the past 12 years.

We support and hold activities for children and young people in our community, and we also encourage them and our volunteers to actively participate and cooperate.
